

Introducing the Epson® SureColor R-Series Printers

The all-new SureColor R5070PE and R5070L 64-inch roll-to-roll signage printers tackle every print job with versatile resin ink.

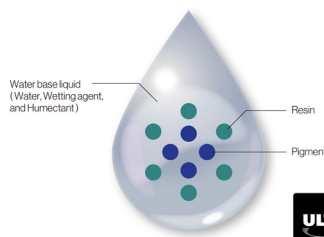

Color consistency

Color Consistency

All new, non-consumable, industrial PrecisionCore® TFP print heads that keep nozzle integrity vs competitive thermal systems

Three tier drying system allows for low post-cure temperatures

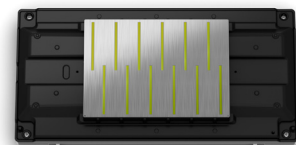

Resin Ink

Immediate lamination so you can deliver jobs quickly and hit tight deadlines.

Incredible scratch resistance for short term indoor graphics, wall coverings, and much more

Water based, GREENGUARD Gold certified inks

Usability

Print head performance is optimized, automatically, depending upon your needs - high quality or high production

Switch out empty ink without having to stop production with hot swap capabilities on the R5070L

A user replaceable print head to limit downtime in unexpected situations

Epson SureColor R-Series Printers

Featuring breakthrough resin inks, these innovative signage printers produce exceptional-quality prints while supporting a low total cost of ownership.

The first of its kind to feature multi-purpose resin ink, these 64" roll-to-roll signage printers consistently provide professional-quality wallpapers, fabrics, uncoated papers and traditional signage at remarkable speeds. Designed to keep up with fast-paced print shops, the R5070 offers immediate lamination, user-replaceable PrecisionCore printheads and ultra low-cost inks for ease and savings unlike ever before.

SureColor R5070/R5070L

Amazing image quality — vibrant 6-color resin inks, plus optimizer, produce astounding-quality prints

Reliable color consistency — delivers consistently high image quality for repeat jobs, brand colors, wall tiling applications and more

Immediate lamination — and high scratch resistance increase total productivity

Low ink costs — just \$0.155 per milliliter (R5070) and \$0.125 per milliliter (R5070L) R5070L features dual 1.5 L bulk ink packs for enhanced efficiency and reduced total cost of ownership

User-replaceable printhead — for convenient self-serviceability and minimal downtime

Supports diverse range of applications — print adhesive vinyl, banners, wall coverings, uncoated papers and more

Print speed — state-of-the-art PrecisionCore printhead delivers high-quality images at true production speeds

Enterprise software suite — track jobs, manage variable data and streamline workflow with Epson Edge® Print

Epson signage portfolio — tackle the full spectrum of print jobs with Epson S-Series and R-Series printers

*Designed for use exclusively with Epson ink packs.
